ABOUT ME

Motivated and detail-oriented professional with a strong foundation in software development, data management, problem-solving, and collaborative teamwork. Eager to contribute technical expertise and innovative solutions to drive success in a dynamic organization.

EXPERIENCE

On-the-job Training

Jun 2024 - Jul 2024

Commission on Audit | Batangas Provincial Capitol

- Assisted in day-to-day administrative operations, including document filing, report preparation, and performed data encoding and basic spreadsheet management using Microsoft Excel and Google Sheets.
- Handled and organized digital and physical records, ensuring accuracy and confidentiality of information.
- Collaborated with colleagues to improve office workflows and information tracking.

PROJECTS

Thesis: Enhanced Compression Time Efficiency of Brain MRI Fractal Image Compression Using CNN-Guided and KD-Tree Optimized Encoding

2024 - 2025

- Developed a hybrid medical image compression approach combining fractal compression, CNNs, and KD-tree optimization to improve compression speed while preserving diagnostic image quality.
- Implemented modular compression and simulation components to compare traditional fractal, CNN-based, and enhanced hybrid algorithms, and derived conclusions and recommendations from experimental results.
- Technology Stack: Python, PyTorch, NumPy, OpenCV, Scikit-learn, GitHub.

Building Inventory Management System for Batangas State University

2023 - 2024

- Collaborated in developing a MERN stack-based platform to establish a scalable building inventory management system for the Property and Facilities Management Office (PFMO), that aligns with the university's commitment to progress and sustainability.
- Contributed in developing the back-end, focusing on database management, secure data handling, and optimizing system performance to ensure reliable and scalable operations.
- Technology Stack: MongoDB, Express.js, React.js, Node.js

EDUCATION

Bachelor of Science in Computer Science

2021 - 2025

Batangas State University - Alangilan

- Dean's Lister
- GWA: 1.58 or 94%

SKILLS

Technical Skills

- Programming: Python, Java, C++, JavaScript, PHP
- Web: HTML, CSS, Bootstrap, React, Angular, Vue, Node.js, Express
- Data & Tools: MySQL, MongoDB, Firebase, Git/GitHub, Excel

Soft Skills

- Problem-solving and critical thinking
- Adaptable and fast-learner
- Collaborative and communicative

CERTIFICATIONS

Google Cloud Fundamentals for AWS Professionals

Feb 2026

Certified Research Data Analyst (CRDA™)

Aug 2025

Google Cloud Computing Foundations

Dec 2024
